## 2021 Zhik 29er World Championships

### INTERNATIONAL JURY Q&A nr. 1

Question lodged by 2912 on 25.08.2021 at 12:43:

*“In relation of the section C rule C.1.1 apendix c. We can interpretate that both, the skipper or the crew can use the trapeze, but not at the same time. Our question is: If the skipper is able to use the trapeze during the race and not only the crew.”*

Answer of the International Jury:

Yes. Class rule C.1.1(c) permits 1 member of the crew to use the trapeze. This may be either crew member (this includes helmsman), but not at the same time. However, class rule C.3.2(a) permits only one harness on board.
